

HERE'S A MIDDLE OF THE ROAD shot and the road is I-80 looking west from U.S. 45. Those piers will carry U.S. 45 over the interstate route and later, probably a year, Rt. 45 will be carried over the Rock Island tracks and get back to its regular path. Meantime, Rt. 45 will be brought back and use the present underpass under the tracks. U.S. 45 is being moved west, beginning at about 183rd St. and then proceeding in a generally southerly direction. Eventually a cloverleaf will establish an interchange between I-80 and U.S. 45. (Graphic Newspapers photo)

School Days Here Again! Enrollments Show Gains

The 1967-68 school year has begun in Will County. In neighboring Cook classes will be resumed next Tuesday.

Lincoln-Way High and the grade schools of Mokena, New Lenox, Frankfort, Arbury Hills and Ann Rutledge officially opened today but only for short session. The regular schedule will start tomorrow.

In the Orland Park area Sandburg and Stagg high schools and the Orland elementary schools will open next Tuesday, Sept. 5, but only for short sessions. Regular class schedules will begin Sept. 6.

This will mark the first year that Stagg High will be a four-year school. It began three years ago with a freshman class. The next year it had freshmen and sophomore, and the next it had freshmen, sophomores and juniors. This year there will be a senior class, members of the original frosh group.

Last year Stagg had an enrollment of approximately 900; this year the enrollment is expected to top 1,100. Sandburg's enrollment last year was 1,535 but is expected to exceed 1,600 this year.

Lincoln-Way High had approximately 1,200 students last year and expect some 1,300 this year.

Providence High, New Lenox Township, will have freshmen report today and all classes tomorrow, Sept. 1. Providence had 520 students last year and expects to have at least 570 this year.

First all day session at Sacred Heart Girls High School, St. Francis Rd., will be tomorrow. Expected enrollment was set at 285. Last year's enrollment was 241. Two new teachers are needed at Sacred Heart for French and Drama classes.

According to the anticipated enrollment the high schools of the area will have almost 5,000 students this

year.

There will be about 2,600 elementary school pupils in Orland this year--1,650 in the public schools and about 940 in St. Michael Catholic School. Last year the Public school enrollment was 1,450 while the count at St. Michael was 906. Wednesday, Sept. 6, will be the first full day of school for both institutions. Hours at St. Michael run from 8:05 to 2:30. Orland is building a junior high.

At New Lenox there will be an increase of more than 100 pupils in the public schools. Last year the enrollment there was approximately 1,550. This year the number is expected to reach 1,660. A new building program is needed to accommodate the growing population, it was said by school authorities.

St. Jude Catholic School at New Lenox has 307 pupils last year and expects an enrollment of 311 this year.

At Frankfort there were 418 pupils last year and the number is expected to grow to 450 this year. Thursday will be the first day--altho a short one--for all classes but kindergarten. Regular classes start tomorrow. Grades one thru three will again be housed at Chelsea with kindergarten and grades four thru eight at Frankfort School. The Frankfort faculty, now complete, is made up of:

Mrs. Karen Stelberg (kindergarten); Mrs. Isabella Gaines, Mrs. Barbara Nusbaum (1st grade); Mrs. Mary Martin, Mrs. Hankowitz (2d grade); Mrs. Virginia Osmus, Mrs. Joan Keener (3d grade); Mrs. Vivienne Ellis and Roberta Schmitz (4th grade); Mrs. Margaret Robertson, Stanley Bochtler (5th grade); Mrs. Bernice Preur, William George (6th grade); Joseph Boylan, Kenneth Reiss (7th grade); Mrs. Wayne Hendricks, William Fenwick (8th grade); Perry Friedman, band.

Arbury Hills School will have an increase of 19 this year, from 405 to 424, including kindergarten. New teachers are, Mrs. Lynn Batko and Mrs. Joan Blackman, 2d grade; Patrick Gavin, 6th grade.

School authorities wish to remind parents that the luncheon program is inadequate and children will be expected to go home for lunch. Children will take the information on pupil insurance to their parents.

The enrollment in the Mokena public system this year is expected to be 761, as a result of the addition of kindergarten to the grades. Last year the number in school totaled 611.

St. Mary Catholic School of Mokena is the only one to show a loss in attendance. St. Mary had 408 pupils last year and expects to begin the current year with approximately eight less. Pupils report to school today but regular classes will not begin until Sept. 5, it was announced. The day begins with mass at 8:30 a.m.

Personal Tax Lists To Be Out Sept. 7

Next week's edition will carry the personal property assessments as compiled by the assessors of New Lenox and Frankfort townships.

Should the tax rate be \$5 per \$100 valuation -- that figure is used because it makes it easy to multiply -- and the assessed valuation of your personal property is \$500 then the amount you would pay in personal property tax would be five times five or \$25. If your valuation is \$120 then your tax bill would be \$6.

Later the quadrennial assessment of real estate will be published. Those figures aren't ready yet.

Lipman Distributes Funds To Taxing Bodies In Area

Area taxing bodies have received their second distribution of tax collections. The first was from the township collector. The money received now came from Clarence Lipman, Will County treasurer, and represents the collections he made in June and July.

He will make another distribution later or possibly two. He may send out checks after the Sept. 1 deadline for second installment payments on real estate tax bills and then another after the delinquent tax sale, or wait until after the tax sales and make one distribution. It probably will depend upon needs of the taxing bodies, it was explained.

County Treasurer Lipman has received letters from some of the taxing bodies expressing appreciation for prompt distribution. He explained that he has endeavored to operate the office like a private business and gives special credit to Walter F. Dchuetz, assistant treasurer, for the efficiency of the operation.

In the current distribution the village of Mokena received \$860.30 for general purposes and \$208.89 as its share of the road and bridge tax; Frankfort received \$1,490.18 for general purposes and \$294.32 for road and bridge, while the amount received by New Lenox for general purposes was \$2,451.74 and its share of road and bridge money was \$367.73.

Lincoln-Way High School received the top amount distributed to area schools, \$77,723.43. The amounts received by the grade school districts were: Dist. 161 (Arbury Hills), \$29,001.80; Dist. 122 (New Lenox system), \$22,295.03; Dist. 159 (Mokena), \$10,824.34; Dist. 33-C (Homer), \$9,595.82; Dist. 157 - C (Frankfort), \$6,100.26, and Dist. 56-C (Ann Rutledge), \$1,906.79.

The three area townships, Frankfort, New Lenox and Green Garden, also received payments.

New Lenox received \$785.62 from its town levy; \$2,912.95, for road and bridge; \$385.01 for poor relief; \$107.94 for the Bogardus Fund and \$616.01 for reconstruction of a bridge. Frankfort's share was \$1,942.05 for town purposes; \$7,090.54 for road and bridge and \$597.73 for poor relief.

Green Garden received \$226.01 for town purposes; \$120.57 for road and bridge; \$201.98 for hard roads and \$27.11 for poor relief.

The first protection districts also received shares: Frankfort, \$1,195.06; Mokena, \$32, and New Lenox, \$1,016.37.

The Mokena Community Park District received \$2,004.55.

Bogardus? Why It's Right Down The Road

Under Illinois law which reaches far back into the past a township is empowered to levy, among other taxes, one to raise money for the Bogardus Fund.

The Bogardus Fund is used to meet needs of war veterans. Not all of the towns levy the tax. In the past decade or so the Congress and the Illinois General Assembly have enacted legislation covering most needs of veterans but there are occasions when the Bogardus Fund is still levied.

Last year New Lenox, -- believed to have been the first time there--made such a levy and in the distribution made currently by County Treasurer Clarence Lipman it received \$107.94 for the Bogardus Fund.

Now the railroads and many of the large corporations keep a sharp eye turned on tax levies. In fact they employ people to do that

very thing and they are trained so they can see an error as quickly as a star quarterback on a top professional football team can spot a flaw in an opponent's defense. Errors in tax levies can be made the basis of an objection for paying a tax and the courts usually uphold them.

But an objection to the Bogardus Fund tax levied by New Lenox went just a little too far. County Treasurer Lipman said this week that he had received an objection from a railroad (he didn't name it) to the New Lenox Bogardus levy.

"We pass near Bogardus," the communication read, "but not through it nor do we make a stop there so we must decline to pay this tax."

Now if they just abandon their tracks and eliminate stops at INCOME and CAPITAL STOCK they'll be way ahead.

Dist. 122 (New Lenox system), \$22,295.03; Dist. 159 (Mokena), \$10,824.34; Dist. 33-C (Homer), \$9,595.82; Dist. 157 - C (Frankfort), \$6,100.26, and Dist. 56-C (Ann Rutledge), \$1,906.79.

PUTTING FINISHING TOUCHES to some of the paint work in one of the rooms in the new addition to Willowcrest School in preparation for the new school year that begins today. Wielding the brush is Paul Ariagno, one of the crew of Smith Decorating Co. Looking on is R.C. Lif, of Lockport, the general contractor.

GETTING LIBRARY shelves ready for the opening of school at Willowcrest in Mokena. Mrs. Fred Lehmann, who was formerly on the teaching staff was lending a helping hand. And any help given was appreciated by those in charge of getting the housekeeping done. It seems there are always a lot of last minute chores.

...AND THIS is just one corridor that looked like this at Willowcrest School. There were several others equally filled with classroom furnishings but that was last week. After herculean efforts a place has been found for everything and everything has been put in its place. Willowcrest and Carpenter Street schools are spic and span and ready to go. U.S. 45 To Hold Course Under Rock Is. Tracks -- Temporarily They Say

Eventually U.S. 45 after being carried over I-80 east of Mokena will also span the Rock Island Lines tracks but meanwhile it will be bent back to its present route and use the underpass below the tracks.

The District Highway Engineer's office at Elgin said that the use of the underpass is only temporary and later a contract will be let for the span that will take U.S. 45 over the railroad and get back to its current route in the vicinity of 191st St.

The engineer's office believed that the overhead route would be built next

year.

U.S. 45 is being diverted to the west in the vicinity of 183d St. Indications are that when it is bent back to pass under the tracks the bend will be a sharp one.

There is to be an interchange between U.S. 45 and I-80 in the 183d St. area but as yet no contract has been let. Highway officials believe that the contract for the interchange may be let yet later this year but it is not expected to be built until next year.

The objective of the highway department now is to get I-80 finished so that it

will be opened to traffic in December between Hazelcrest and Joliet.

Officials of Mokena, Frankfort, New Lenox, Orland Park and Tinley Park would like to join in a ceremony marking the opening of I-80 and a suggestion that such a ceremony be held has been made to state and federal officials.

Crane Hits Power Line -- Pow! No Lights

Some 800 customers of Commonwealth Edison Co. in the Orland Park - Mokena - Frankfort area were without power for about 40 minutes Tuesday morning, starting about 8:35 o'clock.

A spokesman for the utility firm explained that a large crane operated by Arcole Construction Co. in the building of I-80 in the vicinity of U.S. 45, east of Mokena, came in contact with one of the high voltage power lines.

There was quite a crackle and a lot of sparks but no one was injured and in about 40 minutes Commonwealth Edison had service back to normal again.

Pony Riders Face Trouble For Cowboying

The Mokena Park District has a law against having animals in Mokena Community Park, according to Police Chief Roy Newton.

Newton was brought into the picture by complaints that boys riding ponies were attempting to ride down children on foot and on bicycles in the park.

Chief Newton advises parents to instruct their children to keep out of trouble by keeping animals out of the park.

Massey Asks Public To Aid Fight Against Vandalism

Police Chief A.D. Massey, of Frankfort, is asking co-operation of the public to combat vandalism and theft.

Persons who hear or see anything suspicious or of an unusual nature are asked by the chief to call the police, day or night, at 469-2161.

"So many times we hear of things after they happen," Chief Massey said. "With your help perhaps we can hear of them while they are happening. Many times we are told of things that happen but the person telling us did not want to bother us at the time. Please bother us. This is the only way we can do the job you are paying us for."

The chief also discussed vandalism at Frankfort Community Park.

"This is usually the work of those who get the most benefit from the park," Massey said. "This can be corrected by some good old fashioned teaching in the home. If parents will teach their youngsters that public

and private property should be protected and respected we will not have this vandalism.

"Our newspaper recently carried pictures of destruction of tombstones in the cemetery. I have had calls of damage to the dugouts at the park ballfield, the washrooms and other buildings."

Then the chief continued with a message directed to the parents.

"Do you know where your children are and do you have any idea of their conduct when they are out of your immediate supervision? Do you insist on respect to your property and respect to yourself and other members of the family?"

"Do you insist on hours of returning home that are within reason? Do you know that the state curfew law prohibits anyone under the age of 18 from being on the streets after 11 p.m. Sunday thru Thursday and midnight on Friday and Saturday nights and that their driver's

license is not valid after curfew hour? This would automatically make your car insurance invalid? This is getting back to parental delinquency, which, as I have said before, is the cause of most of the juvenile delinquency we have.

"The facilities at the park have been installed there at considerable expense for our people. We want people to use the park but to make proper use of it. Please instruct your children to respect our property and to inform you of any damage they do or see done. You in turn can report such damage to us so we can repair it and keep our park something of which we can all be proud."

Last week some busy thief or thieves stole a transmission and tires from an automobile in one of the car lots in Frankfort. Massey said he did not think this could happen without someone either seeing or hearing something that would have aroused their suspicion.

IT'S HERE, FOLKS -- annual Sauerkraut Day at Frankfort. TAKE TIME OUT from looking forward to look back. These former members of the Campfire Girls group of Mokena got together last Wednesday, with Mrs. Margaret Semmler their former "guide" as the Campfire Girls leaders were called. They had lunch at the Blue Willow, Lockport, and then spent the afternoon at the Semmler home in Mokena. The Campfire Girls were organized in 1914 and the Mokena group was formed in 1915, so their reminiscences went back some 50 years. Auto License Forms For 1968 Available

Application blanks for 1968 motor vehicle license plates are now available at various outlets thruout the state, said Secretary of State Paul Powell.

Mr. Powell reminded motorists who wish to retain their present license numbers for next year that the deadline for their applications to be in his office is Sept. 30, and that the request for reassignment should be stated in the remarks section of the blank.

Secretary Powell also called passenger car owners' attention to the new fee schedule in effect for 1968 registrations. The fees now are \$8 for cars 25 horsepower and less, \$12 for those over 25 horsepower but not over 30 horsepower, \$18 for those over 30 horsepower but not over 50 horsepower, and \$24 for those over 50 horsepower.

Supplies of the application blanks have been delivered to automobile dealers, currency exchanges, notaries public, county clerks, newspaper offices and some banks.

All information requested on the blank is important,

Secretary Powell said, urging motorists to be sure to answer all the questions. The information includes the name of the applicant, street address, city or town, zip code, township, county, this year's license number, driver's or chauffeur's license number, factory or serial number of the vehicle, and the make, year model, body style, number of cylinders and horsepower of the vehicle. An additional item of information now required is the owner's social security number.

In addition, the questions about whether the present license number plates are suspended or revoked, and where the vehicle was registered this year, must be answered, Mr. Powell said. The most frequently omitted items of information are the zip code and the township, he said.

Applications not completely filled out will have to be returned to the applicant for the missing information, causing delay in processing the application and possibly in delivery of the license plates, Secretary Powell said.

HORTICULTURE
AND FLORICULTURE

Spring is the traditional time for dirt daubers to be active but late summer is planting time too. Now is a good time to move perennial flowers or start a perennial border.

It's only slightly late but many perennials can be started from seed now. Just start the seed in flats that are kept well watered. Then transplant the seedling to the garden when they are large enough to handle. Transplants should be set in cold frames or directly in open beds if they are hardy varieties.

Cold frames are constructed by scooping out

about six inches of soil and building a frame of boards around it. Over the frame, window, sash or plastic on frames are placed to protect from winter extremes of temperature. Make provision for drainage so the water does not accumulate in the low cold area.

Some of the best and easiest perennials to grow are achillea, day lily, dianthus, columbine, delphinium, foxglove, gloriosa daisy, primulas, oriental poppies, shasta daisy and sweet william

Plants that can be moved or divided in your garden now include iris, chrysanthemums, lilies and the hardy spring-flowering bulbs. Best wait a few weeks before moving peonies.

Perennials moved now ac-

tually start root development in the fall and will send up some growth before freezing weather. Late fall transplanting is not as satisfactory because the plants do not establish new feeding roots before freezing weather.

Take care to minimize injury to the roots and crown during transplanting. Set the plants firmly into the soil with the roots well spread to a depth slightly lower than that at which the plants previously grew. This is different than planting shrubbery. They should be planted slightly higher than grown in the nursery.

Firm, but do not pack the soil about the roots of the transplants. Even if the soil is moderately moist and the plant set firmly in place, watering is necessary to firm the soil and remove air pockets around the roots. But when transplanting is done under hot, dry, windy conditions, water the new plants enough to moisten the soil to a depth of five or six inches.

Offers Educational Films To Schools

Screen News Digest, an educational film series sponsored annually by Commonwealth Edison Co., in 500 public and parochial schools, will present its first full-length color documentary this year, Byron Lee, southern division vice president, said this week.

"Color will add another dimension to this outstanding series and bring even greater impact to the headline news stories and special events these documentaries portray," Lee said.

Ten films, one each month during the 1967-68 school term, will be released beginning Sept. 15. Nearly 200,000 students will see each of the films.

papers or similar material to reduce wilting and rapid moisture loss. This will help the plants to become quickly established and ready for growth during the cool days of fall.

About 100 schools in Edison's southern division, which extends south and west from Chicago and the Indiana state line to Pontiac, including the area beyond Kankakee and Streator, will receive Screen News Digest.

"Widespread acceptance of Screen News Digest by both educators and students alike is evidence of its effectiveness as a teaching tool," Lee said.

In addition to viewing the films, students are furnished with study guide outlines for in-class discussions of the subjects covered in each film.

The series will begin with a film entitled "Crisis In The Middle East." It is an in-depth report of the recent Israeli-Arab conflict that

shook the Holy Land. Other subjects in the series will include a special on the 50th anniversary of the Russian revolution, and an on-the-scene report of the first Apollo flight.

Lee said the first full-length color story would be a study of the three major branches of the federal government.

The films, which have been honored by the Freedom Foundation as "an outstanding contribution to a better understanding of the American way of life," are produced by Hearst Metro-tone News, Inc.

Since the series was introduced locally by Edison, nearly 3,000,000 viewings have been presented to high school and elementary level youngsters.

Screen News Digest films are available to public groups and civic organizations on request.

Junior College Board Elects Vice Chairman

The junior college board of District 524 elected John Coghill vice-chairman of the board at the meeting held recently. Legislation recently signed by Gov. Kerner requires the election of a vice-chairman and changes the title of the president to chairman.

The board has received a report from the screening committee which was employed to aid in the selection of candidates for the presidency. Interviews with the candidates have been sched-

uled and plans have been made for the president to assume his duties by Feb. 1.

Thus far, 1,355 authorizations for tuition charge back have been issued. Authorizations have been issued for attendance at eight of the Chicago City Colleges and Bloom, DuPage, Joliet, Morton, Thornton, and Triton Junior College; 599 authorizations have been issued for Bogan and 274 for Thornton, accounting for over 60 percent of the authorizations issued.

Church Announces Fall Sermon Themes

"The Christian's Way of Living" will be the theme for morning worship services of the Forest View Presbyterian Church during September and October.

The special sermon series will begin Sept. 10, with the topic "The Christian's Relation to God" at the 10:45 a.m. worship service. At the 7 p.m. service the Rev. Donald M. Parker, pastor, will speak on "Prayer and the Holy Spirit."

Sunday School classes for the entire family begin at 9:30 a.m. A nursery is provided.

Prior to erecting a new church at 15470 Oak Park Ave., the congregation is meeting temporarily at the chapel of Trinity Christian College, 660 W. 123rd St., Palos Heights.

For spiritual counsel or information Rev. Parker may be called at 425-7949.

Guest minister Dr. John Werner will be heard at both worship services on Labor

Sunday, Sept. 3. Dr. Werner is assistant professor of classical languages at Trinity College.

Hitching Post Meals Served Western Style

Good food and drinks are served western style at the Hitching Post Restaurant in Crestwood, located at Cicero and Rt. 83, south of 127th and the Tri-State Toll Rd.

The proprietors have added many new authentic features to highlight the western atmosphere, (many of which are rarities) and to decorate the fenced in "Corral" dining room. The second dining room contains a 175-year old spinning wheel that sits beside the wood-burning fireplace.

On the walls are hand painted plates and Carnival glass. The dry sink has the original water pitcher and an original wall phone of yesterday.

Enhancing the comfortable western decor are the walnut panel walls, carpeted floors, redwood bar, and rough wall plankings with a chain railing.

The restaurant specializes in home-made soups and hot freshly baked bread.

On Saturday and Sunday western style breakfasts are served from 7:30 a.m. until noon.

Once again our efforts were thwarted to hold our second annual weiner roast at the playground due to the inclement weather. After careful consideration of the conditions of the field it was decided to hold the doings next Sunday (or if mother nature does not cooperate -- Monday) at the same time as specified. Maybe by waiting we will still be able to have our father and son baseball game which we are all primed for.

Miss Julie Horton, daughter of Mr. and Mrs. Ross Horton of Ethyl Lane celebrated her fourth birthday, Aug. 20 with 15 guests attending.

Mr. and Mrs. Thomas Sumner and family spent their vacation in Texas where they swam in the Gulf of Mexico and also visited many other points of interest on their return trip home.

Mr. and Mrs. Herschel Woods spent their vacation sightseeing the Smokey

Mountain area with their boys and not a minute was lost as the weather conditions were ideal.

The children of Mr. and Mrs. Jake Bronkema spent a real nice week in Rockford, Ill. with Mrs. Bronkema's parents.

As you all know school will start very soon and as yet we have not repaired the bus shelters, however they will be repaired and I ask all of you to watch the kids and report to me whoever is kicking and hammering the shelters to pieces. This will be the last time that they will be repaired as we have no more siding for them.

I received a postcard from Seaman Richard Sandy this week and he states that he is enjoying this cruise tremendously and at the present time is visiting Palma, Spain and he also advises me that he will be home again for Christmas.

As you all know I am still hampered by the bad thumb and last week the medication was far too much for me to get a story in so please bear with me for a few weeks and I will be back to normal and try to do a proper job again. Thank you all for being patient and if you have any news that I did not get in please give me a note and next week we will try to get caught up.

Anyone For African Dip? Call Cassey

Here's a chance to live excitingly. Ted Massey, impressario of a game of skill slated for the Lions Club annual Sauerkraut and Wiener Day at Frankfort this Saturday, Sept. 2, is looking for teenage volunteers, male or female.

The game is known as African Dip and is scheduled to run from 4 p.m. until closing. The only compensation offered is the pleasure that one may have from the knowledge that his or her efforts are helping to raise money to improve Frankfort Community Park. The work is easy and if the day is a hot one it could be quite refreshing. Massey pointed out.

He would like to have any volunteers call him today or tomorrow. Overwhelm him with help, Massey urges.

Sept. 23 Date Set For School Bond Referendum

Residents of School Dist. 122, which takes in all of the New Lenox public grade schools, will have an opportunity to vote on a proposed building bond issue of \$575,000 on Sept. 23.

Date for the referendum was selected by the board of education which is asking the voter to give approval to the issue. The money is wanted to build additions to Haines and Oakview schools.

Enrollment for the 1967-68 school year is expected to top 1,650, an increase of about 200. Supt. Arnold Tyler says that all existing classrooms in all seven schools are in full use. Some classrooms are overloaded now and new pupils are still being registered.

Plans call for an addition of 14 classrooms to Haines School, plus a central library and a small administrative area. Plans for Oakview School call for four additional classrooms, an annex to the gymnasium and

improved dressing room facilities for physical education classes. Also included will be a principal's office and space for the school nurse, and an open area on the first floor of the south wing. This will be used by vocal music classes, storage, large group instruction, lunch and miscellaneous activities.

The board has employed the firm of Alexander, Borkon, Westphal and DeYoung, of Joliet, as architects. The architects have informed the board that part of the project can be completed by September, 1968.

Approval of the bond issue Sept. 23, a board spokesman said, would provide reasonable assurance that enough of the new construction would be completed a year from now to house the expected increase in enrollment.

Supt. Tyler said this week that when September, 1968, arrives the enrollment is expected to rise to 1,800.

It is possible, of course, it was pointed out, that completion of I-80 and the proposed expressway that will come down from the north may bring about a greater amount of home building than is anticipated. If that materializes then the 1968-69 enrollment could rise to a higher figure than has been projected.

There will be approximately 225 in kindergarten this year. These pupils attend classes at the Marley and Relter schools. Grades 1 thru four are housed at Schmuhl, Haven (in the village of New Lenox) and Cherry Hill.

Haines school is taking care of grades one thru five, altho some fifth grade pupils are housed in Oakview School, which accommodates pupils in grades six thru eight.

Eventually Haines school is expected to take care of some kindergarten pupils as well as grades one thru five, leaving Oakview to handle the three upper grades.

School Budget Wins Approval

A total budget expenditure figure for the Mokena Public Schools amounts to \$459,101.93. Following a public hearing the Mokena board of education approved the budget. In July, they had given tentative approval and had made it available for public inspection at the Mokena State Bank for 30 days.

The budget includes \$309,505 for the education fund; \$25,275 for the building fund; \$40,964.72 for bond and interest payments; \$23,207 in the transportation fund; \$2,900 for the Illinois Municipal Retirement Fund;

\$57,250.21 in the site and construction fund, and \$5,076 in the working cash fund.

Estimated revenues totals \$390,681 -- \$298,600 for education fund, \$21,030 for the building fund, \$42,812.00 for bond and interest, \$20,376.00 for transportation, Municipal retirement -- \$2,787, and \$5,076 for the working cash fund. The \$58,420.93 in expenditures over revenue is due to that amount of money on hand from last years bond sale. Final payments are being made as the building is being completed. Income will come from local taxes, state and federal aid, and from student fees and rentals.

With recent legislative changes that will increase the state aid per pupil from an equalized \$330 to \$400 and last year's educational rate increase, it appears that at least temporarily the financial picture for the school district is some brighter, school officials said. Rapid increases in enrollment is expected to wash out most recent gains however.

Opening Of School Increases Hazards For Auto Drivers

More than a million youngsters will be returning to schools in Illinois Sept. 3-9, proclaimed "School's Open Safety Week" by Gov. Otto Kerner.

Gov. Kerner has joined with Gerald W. Cavanagh, president of the Chicago Motor Club-AAA, in urging motorists to use added caution in protecting the lives of "our most precious asset - our children."

In joining the safety promotion, Gov. Kerner noted that the Chicago Motor Club started the first School Safety Patrol 47 years ago. The Patrol movement now is international in scope and has helped reduce the traffic death rate among school children by half.

Many youngsters will be walking to school and away from home for the first time in their lives, Cavanagh said. Older pupils also forget their safety training in the first few anxious days of the new school year, he said.

Cooperation of children, parents and school officials is needed in addition to the attentiveness of motorists. Cavanagh said safety of school children depends a great deal on proper education in the home. He said parents have the responsibility for teaching youngsters to be cautious and safe pedestrians.

"Parents' should emphasize to their children that they should cross only at those intersections attended by School Safety Patrol members, an adult crossing guard or a policeman," Cavanagh said.

Thousands of posters have been mailed by the Chicago Motor Club to school and municipal officials, urging safety during this critical School's Open period. The CMC this year moves into its 20th annual School's Open safety promotion in cooperation with the Governor's Office and municipal and school officials.

It is this cooperation, Cavanagh said, that has been so helpful in cutting by half the accident rate for school-age children.

Ammo Workers To Have Picnic This Sunday

A picnic will be held Sunday, Aug. 27, for employees of the U.S. Army Ammunition Procurement and Supply Agency, the Joliet Army Ammunition Plant, and their families.

The affair, sponsored annually by the APSA-JAAP Civilian Welfare Council, will take place on the facility's picnic grounds on Hof Rd. from 11 a.m. to 6 p.m. It will feature games and numerous prizes. Special activities will be provided for the children. Food and soft drinks may be purchased on the grounds.

James Bronson is in charge of the affair and Charles Cicio is vice chairman.

Pupil Population Up In Cook Co. Schools

An estimated 407,421 youngsters will attend school this Fall supervised by 21,500 teachers. Elementary enrollment of 290,086 represents an increase of 17,214 over 272,872 last year; high school estimates indicate a gain of 7,196 or 117,335 compared to 110,139 for 1966-67. Teaching positions increased approximately 1,500. These figures were released today by Robert P. Hanrahan, Cook County superintendent of schools.

With more teachers needed, Hanrahan called for "a return to the classroom by certified housewives and mothers." These former teachers could correct conditions that produce "provisional or substitute certification because specifically qualified teachers are in short supply." Supt. Hanrahan urged prospective teachers to contact his office at the Civic Center, Randolph at Clark, Room 407, or call 321,7606.

W.R. Etherton, director of Teacher Placement and

CARD OF THANKS
I wish to express my deep grati-
tude to the following people who
have shown great kindness to me
before and after the fire that de-
stroyed my home and all my per-
sonal possessions:
To the Volunteer Firemen who work-
ed so hard to save my home and per-
sonal belongings, to Walter Yunker
who, prior to the fire, filled my well
without charge, to Mrs. Walter Yun-
ker who replaced many needed ar-
ticles destroyed in the fire, to Mrs.
Semmler and Ada Westlund for their
assistance and sympathy, to my pas-
tor, the Rev. Mr. Hunyadi for his
sympathetic concern and offers of
assistance. To Harold Cooper and
his crew of men who cleaned my
lot several weeks before the fire.
This lot had been a dumping ground
for other people over the years and
I was unable to keep it cleared of
debris and finally was unable even
to cut the weeds because of this.
Harold and Myrtle Cooper also were
very kind at the time of the fire,
offering assistance and comfort. I
also want to thank those who came
to me during the fire and expres-
ed concern and sympathy and to those
friends who have helped through a
most trying and sad experience.
May God bless you all.

"Marriage is such a grind," she
complained. "Wash dishes, make
beds, and two weeks later, do it
all over again!"

It wasn't a good mystery story --
just thud and blunder.

What I'd like to save for a rainy
day is -- a taxi!

If you don't notice what a person
is wearing, that person is well
dressed.

We know a boy in a local school
who has underwater marks --
below C level!

You'll give us high marks for our
huge supply of camping supplies,
travel trailers, camping trucks
and trailers. We also carry re-
lated supplies - and services.

DIXON IMPORT MOTORS

The Volkswagen People
1909 Plainfield Rd. Ph. 727-5155

\$1639⁰⁰

What's the catch?
There isn't any.
\$1639 is the suggested retail price at the port
of entry for the VW Sedan.

The price includes federal excise tax and im-
port duty.

It includes the built-in heater/defroster, wind-
shield washer, electric windshield wipers and dual
padded sun visors.

It's the price of the real thing; not a stripped-down
economy model.

What else do you have to pay?
The charge for transporting the car from the
port of entry. The dealer delivery charge.
And local sales tax.

There is one optional that makes a lot of sense:
the matching leatherette upholstery, for \$30.00 extra.
Nearly everyone orders it because it eliminates the
need for slip covers. And that's it.

(Unless, of course, you count the cost of gas and
oil it takes you to get here in your present car.)

Now at our new location...
